The 13th Coast Guard District does not have any HU-25 aircraft in our assets. However, we may call upon them during a search and rescue mission, or other emergency.

The HC-130 Hercules is a long-range surveillance and transport, fixed-wing aircraft that is used to perform search and rescue, enforcement of laws and treaties including illegal drug interdiction, marine environmental protection, military readiness, and International Ice Patrol missions, as well as cargo and personnel transport.
